NSSO Data on Creation of Jobs
Sigriwal Shri Janardan Singh

Will the Minister of STATISTICS AND PROGRAMME IMPLEMENTATION be pleased to state:

the number of jobs created during each of the last three years and the current year as per the latest data of the National Sample Survey Organisation (NSSO), sector-wise?

Answer

MINISTER FOR STATISTICS AND PROGRAMME IMPLEMENTATION [SHRI D.V. SADANANDA GOWDA]

Last survey of National Sample Survey Office (NSSO) on Employment-Unemployment was conducted during July, 2011 − June, 2012 (68th round of NSS). However, to assess the effect of economic slowdown on employment in India, Labour Bureau, Ministry of Labour & Employment, has been conducting Quarterly Quick Employment surveys in selected labour-intensive and export-oriented sectors, namely, textiles including apparels, leather, metals, automobiles, gems & jewellery, transport, IT/BPO and handloom/powerloom. Based on the latest available results from these surveys, the estimated net addition of jobs during each of the last three years is given at Annexure.
